ABSTRACT

Public library and institutional library statistics are presented in this document. The first section, which focuses on public library statistics, provides an analysis of fiscal year 1995 data on income, expenditures, and resources. Following this analysis are five tables of statistics on operating income, expenditures, library collection and staff, services and programs, and selected performance measures. The second section presents three tables of statistics on income, expenditures and collection and staff in institutional libraries. Services and programs are covered in four final tables, representing mental retardation facilities, juvenile correctional institutions, adult correctional institutions, and mental institutions.
